"THE GLOW" PURIFYING DETOX FACIAL

"CLEAR IT OUT" ACNE FACIAL

60 MIN | \$120 | 90 MIN | \$180

Target acne breakouts from hormonal flare ups, adult acne, or those random annoying zits. With our specialized acne treatment, sterilize acne bacteria with radiofrequency treatment, remove the sebum plugs in skin, and reduce excessive oil production.

Say adios to those blemishes and heal the skin from within.

Finish off with a special organic anti-blemish serum.

THE "FIX-IT-ALL" ANTI-AGING FACIAL

85 MIN | \$250

The holy-grail facial that truly offers it all. Start with a natural face lift micro-current treatment by energizing and awakening your skin cells to induce collagen production and loosen tense facial muscles. Next step is contouring deep into the inner layers of skin using ultrasound technology to tighten and firm from within the deep tissue. A lifting facial and neck massage technique will further the skin and muscle stimulation in achieving youthful, tighter and lifted skin.
